1 Introduction

Lenz Financial’s Credit Guidelines establish standards and criteria in which a loan will be eligible for funding by Lenz Financial. Sellers should use these Guidelines to understand how Lenz Financial assesses risk and to understand Lenz Financial program specifics and our process flow. While these Guidelines represent sound underwriting principles, Sellers are the Lenders extending credit to any applicants. **If a topic is not addressed within these guidelines, Lenz Financial will align with Fannie Mae (FNMA), Chapter B3-1, Manual Underwriting guidelines.**

The Credit Guidelines provide detailed requirements for funding eligibility but Lenz Financial is not obligated to fund a loan even if it satisfies these requirements. Compliance with these guides does not create a commitment by Lenz Financial to fund. Further, Lenz Financial does not require Sellers to make loans simply because they are eligible for sale to Lenz Financial, nor does Lenz Financial prohibit sellers from originating loans that are not eligible. Lenz Financial has sole discretion to fund any loans.

State and Federal specific regulatory requirements supersede all underwriting guidelines set forth by Lenz Financial.

Seller Responsibilities:

Lenz Financial Credit Guidelines must be interpreted and applied by the Seller in a manner that complies with the laws and regulations established by the Consumer Financial Protection Bureau (CFPB) and any other applicable laws and regulations.

Lenz Financial has a no-tolerance policy as it relates to fraud. Sellers should have and continue to follow their own established fraud and identity procedures for every loan to prevent and detect fraud (including, but not limited to, Social Security Number Verification, verbal verifications of employment, processing of 4506- T, USPS, OFAC, AML and any other Exclusionary Lists). Loans containing fraudulent documentation or information will not be funded by Lenz Financial. Any determination of Seller involvement and/or knowledge of misrepresentation will result in the dissolution of any buyer-seller relationship. The appropriate agencies will be notified.

Additional Requirements:

- Deviations from the underwriting guidelines based on compensating factors need to be documented in the loan file.
- Negative Amortization Features or Equity Participations loans are not allowed.
- Lenz Financial does not fund loans defined as high-cost mortgages (or equivalent terms) under Federal or state law.
- U.S. Territory loans are not allowed. Properties must be in the United States.
- None of the Mortgaged Properties are secured by manufactured housing or unique property types, including without limitation, timeshares,

- agricultural properties, log homes or geodesic domes. No Mortgage Loans that finance builder inventory.
- With respect to each Mortgage Loan, (1) each Mortgagor is a natural person and (2) at the time of origination, the Mortgagor was legally entitled to reside in the United States.
- Occupancy - the Originator gave due consideration, at the time of origination, to information contained within the Mortgage Loan File, to evaluate whether the occupancy status of the related Mortgaged Property as represented by the Mortgagor was reasonable.
- No Mortgage Loan underwritten pursuant to a bank statement income documentation program was underwritten using fewer than twelve consecutive months of bank statements.
- No Mortgage Loan was underwritten utilizing a borrower-prepared profit and loss statement or a borrower-prepared expense letter/statement for purposes of determining income or expenses.
- With respect to any Mortgage Loan underwritten pursuant to a personal bank statement income documentation program either (a) the mortgage file has satisfactory evidence of the existence of a business bank account for the related business or (b) if satisfactory evidence of a business bank account is not provided, the amount of qualifying income for the borrower was determined under the underwriting guidelines applicable to the business bank statement income documentation program.

Ability to Repay (ATR):

The Ability-to-Repay (ATR) Rule is the reasonable and good faith determination that a borrower has the ability to repay the loan. Under the rule, the borrower's income, assets, employment, credit history and monthly expenses must be documented, and certain affordability calculations must be performed during the underwriting process. All closed end mortgages secured by a dwelling, regardless of loan purpose, occupancy or lien position are subject to this section.

Lenders are required to make a reasonable, good-faith determination before a loan is closed that the borrower has a reasonable ability to repay a loan. The lender must consider the following eight (8) underwriting factors and include proper underwriting documentation using reasonably reliable third party records that these factors were properly considered:

- Current or reasonable expected income or assets,
- Current employment status,
- Monthly payment on the loan (calculated on the higher of the introductory rate or fully indexed, rate; the maximum payment scheduled during the first five (5) years),
- Monthly payment on any new or existing secondary financing, including any simultaneous loan that the creditor knows or has reason to know, will be made.
- Monthly payment for mortgage-related obligations, such as property taxes and insurance, HOA dues, and ground rent,
- Current debt obligations, alimony, and child support
- Monthly debt-to-income ratio or residual income, and

- Credit history

NOTE: Example Ability to Repay Attestation Disclosure is located in section 8.1

2 Alternative Documentation

Alternative Documentation may be used to determine qualifying income both alone and in conjunction with other documentation options.

The CORE Ultra Program falls under the Alternative Documentation scope, however, only Personal Bank Statements, Business Bank Statements and 1099 Reduced Doc income is permitted.

Personal Bank Statements, Business Bank Statements, P&L Only, 1099 Reduced Doc, Asset Depletion & Asset Utilization are considered Platinum Alt-Doc from a credit and pricing standpoint. When more than one documentation option is utilized for qualifying, i.e., bank statements together with asset depletion, then the documentation option yielding the highest borrower income will be used to determine pricing. Please see the applicable Lenz Financial Matrix for restrictions.

Qualification is based on several factors including (but not limited to):

- FICO Score ▪ Residual Income
- Debt to Income ▪ Seasoning
- Loan to Value ▪ Job Stability
- Housing Payment History ▪ PITIA Reserve

Verification of monitoring document needs to clearly show date issued, created or printed within 10 days of closing date showing actively monitoring. We will also accept a credit refresh/gap report within a 10 day window

 - Age of accounts
 - Late payments frequency, severity, aging
 - Account balance size

NOTE: If the borrower's credit information is frozen at one of the credit repositories for borrowers who have traditional credit, the credit report is still acceptable as long as:

- A credit score is obtained from at least one of those two repositories, and

- The lender requested a three in-file merged report.

4.1.2 Credit Scores

FICO® is a credit score developed by FICO, previously known as Fair Isaac Corporation. FICO scores are derived by a credit-scoring model used to predict the likelihood of a default occurring. FICO scores are among the most important factors in determining the customer’s likelihood of debt repayment. The higher the FICO score, the lower the probability of default.

A minimum of 2 credit scores are required to be provided and used to determine the qualifying credit score for loan approval. Methodology of which FICO score to use is as follows:

# of Borrowers	# of Scores per Borrower	Methodology
1	2 or 3	Lower of 2 or the Middle of 3 FICO Scores
2 or more	2 or 3	<ul style="list-style-type: none"> • Primary Wage Earner’s Lower of 2 or Middle of 3 FICO Scores • If 2 of the 3 scores are identical, the identical score is your middle score • If borrowers are 50/50 owners and income is equal, the higher middle score is used

4.1.3 Tradeline Requirements

All borrowers should have an established credit history that is partially based on tradeline history. Only the Primary Wage Earner is required to meet the minimum tradeline requirements below and if the Primary Wage Earner has 3 credit scores reporting on credit, then the minimum credit tradeline requirements are considered met,

Required Tradelines	Active Reporting Period	Min FICO Required	Max DTI Required
3 Tradelines	≥ 12 months	N/A	N/A
Or			
2 Tradelines	≥ 24 months	N/A	N/A

Borrowers without the above minimum trade lines may qualify if there is a minimum of:

- At least four years of established credit history as follows:

- Eight or more tradelines reported.
- At least one active in the last 12 months. This is defined as last activity within 12 months of the credit report date.
- At least one of these tradelines must be a mortgage tradeline (can be counted as the active tradeline).

4.1.4 Credit Reporting Data Included in DTI Ratios

- Installment Debt. All installment loans (monthly obligations with fixed payments and terms) must be included in the borrower debt-to-income ratio.
 - Excluded from DTI: payments of 10 months or less (if the payment exceeds 5% of the borrower's qualifying income, then the seller must keep the remaining payments in the DTI)
 - Excluded from DTI: any installment debt that is paid prior to or at closing can be excluded from the DTI. Supporting documentation is required to verify that these debts have been paid.
- Revolving Debt is an open-ended debt obligation in which the principal balance may vary each month. The minimum required payment stated on the credit report or the current account statement must be used to calculate DTI. If no payment is stated on the credit report, the greater of \$10 or 5% of the current balance should be included in the DTI unless we have sufficient documented excess reserves to cover full reporting account balance.
 - Excluded from DTI: revolving accounts can be paid off prior to or at closing to exclude the payment from DTI. Supporting documentation such as a credit supplement or verification from creditor is required.
- Lease Obligations must be included in the DTI regardless of the time remaining on the lease.
- Child Support, Alimony or Maintenance Obligations. Must be current at the time of application
- and must be included in the DTI. The loan file should contain supporting documentation (such as a final divorce decree, legal separation agreement or court order) evidencing the obligation. If payments are delinquent, then they must be brought current prior to the loan closing.
- Contingent Liabilities. An individual has contingent liabilities when an outstanding debt obligation has been assigned to another party, but the creditor has not released the borrower from the obligation. Contingent Liabilities must be included in the DTI.
 - Excluded from DTI: If one borrower was obligated to buy-out the other borrower because of a divorce, then the loan file should include the Separation Agreement and or the Divorce Decree/Court Order that shows transfer of ownership. In addition, the current obligation on the premise must be current.
 - Excluded from DTI: Debts paid by others can be excluded from the DTI Ratio if the debt is being paid in a satisfactory manner by another party for the past 6 months. Acceptable documentation would include cancelled checks or bank statements that consistently show another party making at least the past 6 payments.

Paystub Deductions will be reviewed and included in DTI (excluding 401(K) repayments).

4.1.5 Credit Reporting for Business Debt

Business debt is typically a financial obligation of a business. However, business owners can sometimes be personally responsible for that debt as well. If business debt is reflected on a personal credit report. If the business debt facility is less than 6 months old, then the payments must be included in the debt-to-income ratio. If the business debt is greater than or equal to 6-months old, the debt may be omitted from the debt-to-income ratio if the borrower provides documentation that the borrower's business is making the payments on these debts. Permissible documentation can be the following:

Borrowers can receive income from many different sources and different pay structures. The following table describes methods used in determining a borrower's average monthly income based on these income source variations. Follow the calculations below to arrive at a borrower's monthly base income.

- **Business Verification**
 - A Third-Party Verification of the existence of the borrower's business is required within 20 business days of the Note date.

 - Borrowers should be self-employed for at least 2 years. However, a borrower may qualify with less than 2-years but more than 1-year if the borrower can document at least two years of documented previous successful employment in the same line of work in which the person is self-employed or related occupation or 1-year of employment and formal education or training in the same line of work.
 - Business Licenses- Copies of all required business licenses are required.
 - YTD P&L required
- **Cash Flow Analysis for Full Doc**
 - When determining the appropriate qualifying income for a self-employed borrower, it is important to note that business income (specifically from a partnership or S corporation) reported on an individual IRS Form 1040 may not necessarily represent income that has been distributed to the borrower. The fundamental exercise, when conducting a self-employment income cash flow analysis, is to determine the amount of income that can be relied on by the borrower in qualifying for their personal mortgage obligation. When underwriting these borrowers, it is important to review business income distributions that have been made or could be made to these borrowers while maintaining the viability of
 - the underlying business. This analysis includes assessing the stability of business income and the ability of the business to continue to generate enough income to enable these borrowers to meet their financial obligations.
 - If the Schedule K-1 provides confirmation that the business has adequate liquidity to support the withdrawal of earnings, no further documentation of business liquidity is required
 - If the Schedule K-1 does not support adequate liquidity, the most appropriate business liquidity formula based on how the business operates should be used to determine liquidity:
 - Quick Ratio (also known as the Acid Test Ratio) is appropriate for businesses that rely heavily on inventory to generate income. This test excludes inventory from current assets in calculating the proportion of current assets available to meet current liabilities.
 - Quick Ratio = $(\text{current assets} - \text{inventory}) \div \text{current liabilities}$
 - Current Ratio (also known as the Working Capital Ratio) may be more appropriate for businesses not relying on inventory to generate income.
 - Current Ratio = $\text{current assets} \div \text{current liabilities}$

The legal structure of a business determines how income/loss is reported to the IRS, how its taxes are paid and how it accumulates capital. Legal structures also determine the extent of each owner's liability. The five principal business structures are:

- Sole Proprietorship

Business income, expenses and taxable profits are reported on Schedule C of the Individual Tax Return. Required documentation for a Sole Proprietorship include:

- Federal Individual Income Tax Return Form 1040 for the most recent 2-years. Must be signed by the borrower with all applicable schedules.
- YTD P&L and Balance Sheet prepared by borrower or CPA.

- A Partnership (General or Limited)

Is when two or more owners are joined by contract to conduct business and will share profits and losses according to the partnership agreement. Income taxes are paid by the individuals since the partnership itself is not required to pay taxes. Partnership documentation required:

- Federal Business & Personal Tax Returns for most recent 2 years. Must be signed by the borrower with all applicable schedules.
- Schedule K-1 (Partners share of Income) for most recent 2 years.
- Corporate Resolution
- YTD P&L and Balance Sheet prepared by a CPA or borrower

- Limited Liability Company (LLC)

An LLC is a business structure that blends the tax efficiencies of a partnership and the limited liability of a corporation. LLCs report profit/loss on IRS form 1065 and each member-owner's share of that profit/loss is reported on Schedule K-1. An LLC pays no tax on its income. Each member- owner uses the information on the K-1 to report their share of the LLC's net profit/loss on their individual IRS Form 1040 (regardless of whether the member-owner receives a cash distribution from the LLC). LLC documentation required:

- Federal Business & Personal Income Tax Returns for the most recent 2-years. Must be signed by the borrower with all applicable schedules.
- Schedule K-1 (Partner's Share of Income) for the most recent 2- years.
- Corporate Resolution
- YTD P&L and Balance Sheet prepared by a CPA or borrower.

- S Corporation

An S Corp is a legal entity that has a limited number of stockholders that elect not to be taxed as a regular corporation. Business gains and losses are divided among and passed through to stockholders. The stockholders are taxed at their individual tax rate for their proportionate share of ordinary income, capital gains and other taxable items. An S Corp provides many of the

benefits of partnership taxation and at the same time provides the owners with limited liability protection. The ordinary income from an S Corporation's business is reported on IRS Form 1120S with each shareholder's share of income reported on Form 1120S's Schedule K-1. Cash distributions from an S Corp to a borrower will be reviewed and considered when evaluating the cash flow of the S Corp. S Corp documentation required:

- Federal Individual Income Tax Return Form 1040 for the most recent 2-years. Must be signed by the borrower with all applicable schedules.
 - Schedule K-1, Shareholder's share of income, deductions, credits etc., for the most recent 2-years.
 - Corporate Resolutions.
 - IRS Form 1120S Income Tax Return for the S Corp's most recent two years (if the ownership is greater than or equal to 25%.)
 - YTD P&L and Balance Sheet prepared by a CPA or borrower
- C Corporation

A C Corporation is a legal tax paying entity with its own rights privileges and liabilities separate from those of its owners. A C Corporation can sue, be sued, hold, convey, or receive property, enter contracts under its own name and doesn't dissolve when ownership changes. C Corp documentation required:

- Federal Individual Income Tax Return Form 1040 for the most recent 2-years. Must be signed by the borrower with all applicable schedules.
- Corporate Resolutions
- IRS Form 1120 Income Tax Return for the C Corp's most recent two years
- YTD P&L with Balance Sheet prepared by a CPA or borrower

NOTE: YTD financials from other entities (whose income is not needed to qualify) are not required if the previous two years' tax returns show positive income.

- The maximum allowable DTI varies depending on the loan program. Please refer to Lendz Financial's Credit Matrix for maximum allowable DTI.

5.3.2 Payment Shock

- Payment shock is limited to 300% for a FTHB unless the DTI equals to or less than 36%. Payment shock will be reviewed on all other loans to ensure capacity has been met but there is no specific maximum that must be met.
- Payment Shock Calculation = $((\text{Proposed Housing Payment} / \text{Present Housing payment}) \times 100) - 100$

5.3.3 Residual Income

\$1,500 Residual Income is required on all loan products.

- Required Documentation for subordinate financing:
 - Copy of the Note

5.5 Adjustable Rate and Interest-Only Qualifying

For all ARM loan transactions, the greater of the Note rate or the fully indexed rate is used to determine the qualifying PITIA. The fully indexed rate is calculated by adding the margin to the index.

Interest-only loans are qualified using the greater of the Note rate or the fully indexed rate using the fully amortized payment over the fully amortized term of the loan.

All ARM Notes and Riders should contain ARCC fallback language consistent with FNMA.

The CPA/Tax Preparer must attest that they have audited the business financial statements or reviewed working papers provided by the borrower as well as attest that they are not affiliated/associated with the borrower or their business. If a CPA letter is not provided, a cash flow analysis of the business assets and liabilities (balance sheet) must be completed by the client to determine if the withdrawal of funds from the business is acceptable. If no balance sheet provided, we will accept lender cash flow analysis of 12 months business bank statements.

6.4 Flips

When the subject property is being resold within 365 days of its acquisition by the seller and the sales price has increased more than 10%, the transaction is considered a “flip”. To determine the 365-day period, the acquisition date (the day the seller became the legal owner of the property) and the purchase date (the day both parties executed the purchase agreement) are required to be used.

Flip transactions are subject to the following requirements:

- All transactions must be arm's length, with no identity of interest between the buyer and property seller or other parties participating in the sales transaction
- No pattern of previous flipping activity may exist in the last 12 months. Exceptions to ownership transfers may include newly constructed properties, sales by government agencies, properties inherited or acquired through divorce, and sales by the holder of a defaulted loan
- The property was marketed openly and fairly, through a multiple listing service, auction, for sale by owner offering (documented) or developer marketing
- No assignments of the contract to another buyer
- If the property is being purchased for more than 5% above the appraised value, a signed letter of acknowledgement from the borrower must be obtained
- Flip transactions must comply with the HPML appraisal rules in Regulation Z. The full Reg Z revisions can be found at <https://www.consumerfinance.gov/compliance/compliance-resources/mortgage-resources/higher-priced-mortgage-loans-appraisal-rule/>. A second appraisal is required in the following circumstances:
 - Greater than 10% increase in sales price if seller acquired the property in the past 90 days
 - Greater than 20% increase in sales price if seller acquired the property in the past 91- 180 days

6.5 Transferred Appraisals

- The Lender must certify they have complied with Federal, State and FNMA Appraisal Independence requirements.
- An appraisal delivery form must be provided to the borrower to confirm the borrower's receipt of the appraisal within three (3) business days of the report's completion.

If the original Lender will not transfer the appraisal or provide the transfer letter, then a new appraisal is required.

NOTE: Subject to FIRREA Requirements; if corrections are required, it is the Sellers responsibility to work with the previous lender to obtain them and Lendz Financial will not review.

6.6 Project Review Warrantable

FNMA eligible projects are allowed. Site Condos meeting the FNMA definition are eligible for single-

- Uniform Residential Appraisal Report (URAR) with Color Photos.

When the appraisal report is more than 120 days old, the appraiser must perform a recertification of value per FNMA 1004 D or FHLMC Form 442 which includes inspection of the exterior of the property and review of current market data to determine whether the property has declined in values since the date of the original appraisal. Additionally, investor reserves the right to require additional appraiser re-valuation reports depending on age of documentation at time of full loan delivery/purchase
- See Lendz Financial Credit Matrix for additional appraisal requirements.

See FNMA or FHLMC for required appraisal forms to be used on specific properties

6.9 Valuation Overview

Lendz Financial uses FNMA Guidelines as our minimum appraisal standards for all written appraisal reports. Reports must include/have, at a minimum, the following:

- Uniform Appraisal Standards
- Appraiser Independence
- Appraiser Competency
- Fair Lending Requirements
- Vendor Selection Process
- Acceptable Appraiser Practice Standards
- Compliance with the Uniform Standards Professional Appraisal Practice (USPAP), as established by the Appraisal Standards Board of the Appraisal Foundation
- Properties in excess of the predominant value of the subject market area are acceptable provided they are supported by similar comparables and also represent the highest and best use of the land as improved
- See complete FNMA Guides at www.efanniemae.com
- See complete USPAP Guides at www.uspap.org

Appraiser Independence

Lendz Financial expects to receive honest, unbiased professional opinions of value.

- Appraisers must have no direct or indirect interest, financial or otherwise in the subject property or with the involved parties.
- Lendz Financial prohibits associates from asking appraisers to report a predetermined value or withhold disclosure of adverse features.
- All appraisals must be ordered through an Appraisal Management Company (AMC)
- We will not accept an appraisal from an appraiser who works for the lender, borrower or any parties affiliated with the transaction.

All appraisals will be following the Appraiser Independence Requirements pursuant to the Dodd-Frank Wall Street Reform and the Consumer Protection Bureau Act of 2010. Compliance with the Appraiser-Independence Requirements will be reviewed by an independent third-party.

A LICENSED OR CERTIFIED APPRAISER MUST SIGN ANY REPORT PREPARED FOR THE LENDER IN ORDER FOR THIS LOAN TO BE ELIGIBLE FOR FUNDING BY Lendz Financial.

Appraisal Reviews

Appraisal reviews are required for all loan amounts. Any loan amount over \$2,000,000.00 will require two full appraisals. The lesser of the two is to be used for valuation for the loan file. When two full appraisals are provided an additional valuation, report is not required. However, when only one appraisal is provided the follow secondary report is required.

When the LCA/CU score is greater than 2.5 a Collateral Desktop Analysis (CDA) from Clear Capital Appraisal Management, Appraisal Risk Review (ARR) from Pro Teck, or similar independent vendor is required. If you have either one or both LCA/CU score at 2.5 or less this is acceptable if the reports were both pulled around the same date. If a valuation from either of these companies is less than 90% of the appraised value, then the LTV will be calculated using the lower of the CDA or the ARR value.

- If CDA or APR are not available, then another appraisal is required.
- All mortgage transactions, whether it is a purchase or a refinance, will require a Disaster Inspection Report. The practice of obtaining a Disaster Inspection Report should continue for a minimum of 90 days from the date of the disaster and display a completion date that doesn't exceed 15 days prior to the loan closing.
- On all Purchase Money Transactions, closing instructions should indicate that no credits for property condition are allowed and there should be no seller concessions due to damage to the property that was caused by the declared federal disaster.

6.10 Title Insurance Requirements

The purpose of title insurance is to provide evidence of ownership and the lawful possession of a property. It protects the owners (in the case of an owner's policy) and lenders (in the case of a mortgage loan policy) against loss if the chain of property is imperfect or against unknown encumbrance against the property.

Lendz Financial requires coverage provided by American Land Title Association (ALTA) or an equivalent association. Either a Standard or Short Form Policy is acceptable. Short Form Policies are provided due to a shorter turnaround time, allowing a faster delivery to the secondary market.

Eligible title insurance must reflect the following:

- The effective date of the commitment should be dated within 120 days of the signing of the note and the mortgage. If the date exceeds 120 days, the title company must update the commitment with either gap coverage or an updated commitment. Please note that Texas loans must be within 90 days.
- Title insurance is required, the amount of the policy must be the same as the amount of the loan.
- All title vesting must be reviewed to insure it is as it appears on the application. All title holders are required to authorize the mortgage transaction which is accomplished by requiring all non-applicant title holders to sign certain closing documents.
- When title insurance is required on a property that is held in trust, the trust agreement must be reviewed and approved by the title company and Seller's underwriters. Lendz Financial will not allow loans that are held in an Irrevocable Trust.
- The definition of the estate should be Fee Simple.
- For a purchase loan, the vesting will state the seller's name(s) and should match the purchase contract. A deed transferring title will be required at closing.
- The Legal Description for the property should appear as it does on the appraisal and the application. The tile report must contain the entire legal description and may be identified by lot and block or metes and bounds description.
- The original title commitment should be countersigned by an authorized person from the title company.
- Title report should show the appropriate lien position. It will also show if there are any exceptions listed on the commitment.
- Outstanding mortgages on the subject property are also listed on the preliminary title report. Any additional mortgages must be addressed, paid-off and released at or prior to closing the loan. If any liens are to remain open, they must meet Lendz Financial's subordination guides.
- Liens and Judgments. Any liens (federal tax liens, mechanic's liens, etc.) or judgements must be paid-off at or prior to closing. Judgments that belong to another person or of a similar name may appear on the preliminary title report. In these instances, the applicant must sign an affidavit at closing, to satisfy the title company, which states they are not the person(s) named in the judgement(s). These judgments should not be on the final title policy. Solar liens are to be subordinated or paid off. HERO liens must be paid.
- Real estate taxes and assessments are liens against the property that take precedence over all other liens. If the property owner fails to pay their taxes or assessments, then the county or city can sell the taxes to obtain the monies owed to them. Even if a lender has interest in the property the taxes can be sold.
- If taxes on the subject property are due and payable within 30 days but the county or city will not accept payment yet, then an escrow account is required to be set up by the title company to avoid any exceptions on the final title policy.

- If a title company requires an escrow account when the due date is beyond 30 days (i.e., 45 days),
- then all parties must adhere to the title company's requirements.
- All borrowers must sign the title company's prepared escrow agreements at closing.
- Easements are rights that a person has on the property/land of another person. Examples of easements are public utility easements, mineral rights, beach rights and riparian rights. These will not affect our lien position and can remain as exceptions on the title policy.
- Encroachment is construction on the property of another, i.e., wall, fence, or a driveway. Encroachments listed on the preliminary title report can remain as an exception on the final title policy if the title company will insure against loss or damage caused by the enforced removal of the real property that is encroaching onto the easement. However, if the title company will not provide insurance, then the encroachment must be reviewed by Seller's underwriter to determine if this will materially affect the value of the property/improvements or our security interest.
- Surveys. All survey exceptions must be cleared on all loan products. Lendz Financial will defer to the title company to advise on what is necessary to remove the survey exception.
- Homeowners Association Dues. HOA dues must be current or paid current at time of closing. A letter from the association is required stating that the applicant's dues are up to date, that there are no liens currently and that no liens have been placed on the subject property due to non-payment of dues.
- Lis Pendens. A legal notice that is recorded to show any pending litigation relating to the property. Anyone that is acquiring an interest in the property after the date of the notice may be bound by the outcome. All Lis Pendens are to be removed or the application will be denied.
- Rebuild in Coastal Areas. The application will be denied if the subject property is in a coastal area and cannot be rebuilt.
- Oil and Gas Leases and Mineral Rights. Lendz Financial will require affirmative language if they remain as exceptions on the final title policy. We must confirm that these leases do not provide for any surface rights. If lease does provide for surface rights this property will be ineligible for sale to Lendz Financial.
- Agreements such as private well and septic, private roads and shared driveways also require affirmative language and can remain as an exception on the title unless they relate to a public utility. Private well agreements need to be reviewed to determine whether the well is on the subject property or the rights to the well will be transferred with the title to the property. If this is not the case, the subject property may be considered ineligible for sale to Lendz Financial.

Unacceptable Title Defects can be, but are not limited to, the following:

- Open liens, judgements, taxes, or tax liens
- Non-clearance of a probated property
- Foreclosure

- Properties with unexpired redemption periods.

6.10.1 Title Policy Requirements

Only accredited title companies with an acceptable rating can provide title insurance and ownership reports.

Endorsements

Lendz Financial requires all applicable endorsements to be present in a Title Insurance Policy. Endorsements are available for title insurance policies only and they provide affirmative language and or protection to the lender for the specific exceptions being left on the title that typically occur due to property type. The following is a list of required endorsements:

- Comprehensive Endorsement Survey (ALTA Form 100 or ALTA 9)
- EPA Endorsement (ALTA 8.1)
- Condominium Endorsement (ALTA 4)
- PUD Endorsement (ALTA 5)
- Adjustable/Variable Rate Endorsement (ALTA 6)

Spousal Property Rights

Marital property law affects the ownership, control, and disposition of property during a marriage, upon divorce and upon the death of a spouse. Common law, community property and homestead rights all have an impact on how certain real property may be conveyed, encumbered, or transferred to a creditor to satisfy debt in case of a foreclosure. The initial and final CD to be signed and dated by non-spouse (refi's only).

Certain states require marital signatures on all transactions. Spouses that are not applicants should not be required to sign the promissory note. There will be times that we may require a spouse to sign necessary documents per state requirements for homestead rights.

Survey Requirements – Each loan will have

- A survey of the property securing the loan; or
- A survey affidavit, acceptable in all respects to the title insurance company insuring the loan, such that the title insurance policy insuring the first mortgage encumbering the loan is without exception regarding any matter related to a survey including:
 - the location of improvements on the subject property
 - the location of easements on the subject property
 - the location of encroachments affecting the subject property, or the subject property's metes and bounds
- If a survey is included, the survey must have been certified, dated, and signed by a licensed civil engineer or registered surveyor performing the survey. Unimproved land surveys are not

acceptable.

- Surveys must be reviewed by the lender for easements, encroachments, flood zone impacts and possible boundary violations.

6.10.2 Hazard Insurance Requirements/Cond (HO6)

Hazard insurance must protect against the loss or damage of the property from fire and other hazards covered by the standard extended coverage endorsement. Lendz Financial requires hazard insurance protection on all loans. A declaration page is required prior to closing for all loans as proof of insurance. On all refinance transactions, if the coverage termination date is within 30 days of the closing, Lendz Financial will require evidence of continuing coverage. A loss payable endorsement is required for all loan transactions.

The coverage must provide for claims to be settled on a replacement cost basis. Extended coverage must include, at a minimum:

- Wind
- Civil commotion (including riots)
- Smoke
- Hail
- Damages caused by aircraft vehicle or explosions

Hazard insurance policies that limit or exclude from coverage, in whole or in part, windstorm, hurricane, hail damages, or any other perils that would normally be included under an extended coverage endorsement are not acceptable.

Borrowers may not obtain hazard insurance policies that include such exclusions or limitations unless that have obtained a separate policy or endorsement from another commercial insurer that provides adequate coverage for the limited or excluded peril.

The HOI Policy must be effective for at least 60 days after the date of funding. Evidence of Insurance can be provided in one of the following forms:

- Policy
- Certificate of Insurance

Other Requirements:

- Lendz Financial requires Hazard Insurance protection on all loans. A Declaration Page is required prior to closing for all loans as proof of insurance

Disaster Policies

Lendz Financial permits loans that are secured by properties that are located within a declared disaster area or in an undeclared disaster area, either man-made or natural, subject to the following conditions:

- Lendz Financial reserves the right to require a written certification from the appraiser, a Disaster Inspection Report, which indicated that the value of the property has not been affected by any damage arising out of the disaster and that the subject property is in marketable condition and that there are no major repairs needed or detrimental conditions to the subject property.
- Borrowers are required to complete a Borrower Certification at time of closing on the physical condition of the property. See Doc Magic Doc Prep for a copy of this document.

Deductibles

- Family Residences. The maximum allowable deductible, to include any separate wind-loss or other separate deductibles that apply to a specific property element, is 5% of the face amount of the policy.
- Condos, Co-ops, and PUDs. The maximum deductible amount for policies covering the common elements must be no greater than 5% of the face amount of the policy.
- For losses related to an individual unit in a co-op or PUD that is covered by a blanket policy; the maximum deductible is no greater than 5% of the replacement cost.
 - If there is a wind-loss deductible, then the deductible must be no greater than 5% of the face amount of the policy.
- For Condos with blanket insurance policies that cover both the individual units and the common elements, the maximum deductible amount related to the individual unit should be no greater than 5% of the replacement cost of the unit.

Evidence of Insurance Requirements:

- Names of the borrowers to reflect same name as on the Note/Security Instrument
- Property address matches the Note/Security Instrument
- For primary residence loans, Mailing address is the same as property address

Amount of Coverage Required

Hazard Insurance coverage must comply with state, federal laws and should be in the amount of the lesser of:

- 100% of the insurable value of improvements, as established by the property insurer; or
- The unpaid principal balance of the mortgage, if it equals the minimum amount (80% of the insurable value of the improvements) required to compensate for damage of loss on a replacement cost basis. If it does not, then coverage that does provide the minimum required amount must be obtained.

Determining the amount of required Hazard Coverage:

The coverage must provide for claims to be settled on a replacement cost basis. Extended coverage must include, at a minimum, wind, civil commotion (including riots), smoke, hail, and damages caused by aircraft vehicle or explosions.

Hazard insurance policies that limit or exclude from coverage, in whole or in part, windstorm, hurricane, hail damages, or any other perils that would normally be included under an extended coverage endorsement are not acceptable.

Borrowers may not obtain hazard insurance policies that include such exclusions or limitations unless they have obtained a separate policy or endorsement from another commercial insurer that provides adequate coverage for the limited or excluded peril.

Hazard Insurance coverage must comply with state and federal laws. It should be equal to the lesser of:

- 100% of the insurable value of improvements value, as established by the property insurer or reputable 3rd party source (i.e., CoreLogic);
- Estimated cost to replace as notated on appraisal delivered with loan file (Total Estimate of Cost-New) OR RCE from insurance provider/agent;
- The unpaid principal balance of the mortgage

If none of the above are met, then coverage that does provide the minimum required amount must be obtained.

6.10.3 Miscellaneous

The amount must be based on the value of the land and the total of all assessed improvements. For new construction or full renovation property we need one of the following to document the proposed property taxes based on improvements:

- Documentation from title/settlement attorney detailing tax amount being used is based on current tax mileage and new build/improvements
- Printout of online county tax estimator using purchase price OR appraisal cost new estimate (if shown on appraisal)

Before approval of your mortgage loan, we must ensure that we are making a loan that you can afford. To determine whether you could repay the mortgage loan, we will collect, verify, and analyze specific financial information regarding your current income, assets and debt obligations.

At a minimum, we will consider the following eight factors to determine your ability to repay:

- Your current income or assets
- Your current employment status Your credit history
- The monthly payment for the mortgage
- Your monthly payments on other mortgage loans you get at the same time on the same property
- Your monthly payments for other mortgage-related expenses (such as property taxes, homeowners insurance, etc.)
- Your other debts
- Your monthly debt payments, including the mortgage, compared to your monthly income (“debt-to- income ratio”)

In addition, we will also assess how much money you have remaining each month after paying your debts. We recommend that you also consider these same factors when determining how much you can afford to repay based on your income, expenses, and savings priorities to stay within your budget.
